## SILENT AUCTION FUNDRAISER

### *Have Fun Shopping & Help Fund Earth Rhythms*

At Earth Rhythms, we depend on our silent auction to cover annual costs such as mail service, web site, storage unit and insurance. If you've never done a silent auction, some tips are below. Shopping hours are from 6 to 7 pm, and 9 to 9:30 pm. The bidding closes at 9:30 pm.

In the lobby, there are three tables loaded with fine items:

- **Jewelry** hand-crafted from metaphysical minerals, stones and beads, plus unique estate pieces and Native American beading.
- **Sacred items** like a gazing ball, scrying mirror, Egyptian deity statue, divination and affirmation cards.
- **Table art** including a variety of ceramics and sparkling specimen crystals.
- And assorted items like **fair-trade coffee**... hand-crafted **body-care** basket.... unique **fiber purses and hats**... a **jeweled pet collar**... and more!

That's a lot of flash! So seek out the quiet wonders like a **neuro-linguistic programming** certificates and a ticket to 3-day **conference** on progressive education.

Be sure to look on the wall behind the tables! All that **art** plus the **wall hangings** and more can be bid on. It includes a holy mandala, photograph of sacred scenery, colorful painting, floral watercolor and more.

Don't overlook the freestanding items like a custom painted **wooden café table** and a tall **metal Moondance sculpture**. See that great **wreath** on the front of the stage? It's for sale, too!

And though it won't be physically present, we are auctioning off a **baby grand piano**!

### **What's a Silent Auction?**

A Silent Auction is a lot like bidding on Ebay, but it's live and in person.

### **How do I bid?**

Each item has a bid sheet next to it with a beginning bid amount. That's the very lowest amount we can take on the item. There are bidding increments listed on the bid sheet. This tells you the dollar amount to increase from the prior bid.

### **How do I know if I won the item?**

The bidding closes at 9:30. The last person bidding on each item wins! If you really want something, you may need to keep a close watch. Some things are so popular that several people are bidding, and you may need to keep increasing your bid to win the item. This is especially important in the last few minutes before bidding closes.

### **What about if I want to buy the item right away so I don't risk losing it? Or what if I have to leave early?**

Each bid sheet has a buy-it-now price. One of the magnificent silent auction team members will be behind each table to help you.

### **What happens if I win?**

You must be present so that the winning items can be taken home. No mailing of items. Your goodies can be paid for with cash, check, or credit card.

## YULE FEST SNACK FEAST

Take part in all our lobby activities while also enjoying a snack feast in the Yule Fest hour from 9 to 10 pm. Stick around afterwards and help us put everything up! You might get leftover goodies to take home.

The snack feast, arrayed in **Fellowship Hall**, features home-baked sweet goods, fresh baked yeast breads, savory snacks, fruits and nuts. Sip some hot and cold apple punch, coffee and tea. Enjoy hot chai from Cosmic Café.

Prepared and presented by the **Circle of the Serpent** ([www.circleoftheserpent.org](http://www.circleoftheserpent.org)) with sacred love. We are grateful to all of them for this kind service.

PLEASE be sure to **look for recycling bins** to ecologically dispose of your serving ware. **No food or drink in the sanctuary** please.

## ANNOUNCING THE RETURN OF SUMMER SOLSTICELEBRATION

From its roots as a poets' gathering in Deep Ellum in 1993, Summer SolstiCelebration quickly bloomed into a giant drum and dance seasonal festival held near the Dreyfuss Club at White Rock Lake attracting over 2000 people in 1995 and 1996. Returning a more subdued and manageable form, labyrinths were the Summer SolstiCelebration focus from 1999 to 2002 at the Bath House Cultural Center grounds and Winfrey Point building and grounds. The run concluded in 2003 at White Rock Lake's Big Thicket building and grounds where we staged a record-breaking "phoon photo" that made the news at CNN.

**Summer SolstiCelebration returns to the Bath House Cultural Center building and grounds on Saturday June 27 from noon to 10 pm.** Inside, the lobby will percolate with the vegetarian Crosby Café and a henna tattoo artist. Movement and meditation classes will convene in the art gallery and outside. The theater will host several live performance shows, ranging from pop music to metaphysical humor.

The New Thought/Ancient Wisdom fair will take place outside on the front porch and spacious back patio overlooking the lake. A drum jam will be held in the intimate stone amphitheater. A round of seasonal ceremonies will occur. And much more to be announced.

Made possible in part by the City of Dallas Office of Cultural Affairs (OCA), with regional and specialty centers that respond to the communities' unique needs. More at [www.dallasculture.org/](http://www.dallasculture.org/).

Worship Service

10:00 a.m. - 10:45 a.m.

*A Course in Miracles* Class

The Gathering Place is an independent, new thought church established February 6, 2005. We honor all spiritual paths and are based on the teachings of the master teacher, Jesus, along with the principles found in *A Course In Miracles*.

We believe God loves us unconditionally and we can do the same for each other. We are all created from one energy and can never be separated from God or one another. By embracing these truths, we no longer view this life as a struggle but live each day, no matter what comes before us, in joy and peace.

When we remember who we are and start living from our higher selves we recognize that we are sinless and the only hell that ever existed was the one we created from our fears.

*"If you knew Who walks beside you on the way that you have chosen,  
fear would be impossible."*

*From A Course In Miracles*

*When you visit you'll find a loving and inclusive church family glad to welcome you.*

Directions: Located off Maple near Inwood. Take Maple Ave. to Butler St. and turn south toward Harry Hines Blvd. Look for The Gathering Place sign and turn into second double drive entrance on the right. The church entrance is on the right, Suite 202 A.

### Ten Reasons for Joining a Unitarian Universalist Congregation

- Because here we welcome diverse people and views.
- Because we encourage each other to be true to ourselves.
- Because here we are part of a long, liberal tradition of reason and tolerance, of hope and liberation.
- Because here we honor our Jewish and Christian roots, and also reach out to know the great truths found in other religious expressions.
- Because here we nurture our children's enthusiasm and encourage their questions.
- Because here we join our strength with others to create a more just society.
- Because here we acknowledge that revelation is never sealed and empower ourselves to search for new truths.
- Because here we join with open hearts and minds to worship together, seeking what is sacred among us.
- Because we respect the whole self--mind, body and spirit working together.
- Because here we build a supportive community that eases our loneliness and opens our hearts.

SPREAD A LITTLE PEACE THIS YEAR  
**Become a member of THE PEACE PROJECT.**

*Can* peace education create  
**Happy Communities?**

[www.PeaceProjectFoundaton.org](http://www.PeaceProjectFoundaton.org)

The latest in scientific research shows that we can share our collective intention for reducing violence and healing discord through city-wide collective prayer, meditation, and directed consciousness experiences that honor all paths and exclude no one. It is now possible to track and measure the effect of our collective efforts on conditions and events in our world.

**YOU are on the cutting edge of this breakthrough moment in which technology joins with our collective heart's desire for flourishing city.**

Intrigued by Eric Weiner's book, *The Geography of Bliss: One Grump's Guide to the Happiest Places in the World*, I wondered, **"Have we forgotten how to be happy? Have we forgotten the way to peace?"** And what if rather than working so hard to make money all the time, we donated just four hours a month to make each other happy, centered and peaceful?" I found that the happiness of a country is directly related to its good health. The better the health of its citizens, the higher the happiness quotient of the country. If we could make people healthier and happier, wouldn't they be more peaceful

and more productive? What if every citizen around the world learned Peace Skills – a set of skills that would allow them to alleviate stress, improve health, and give them the capacity to deal with all that life brings in a peaceful, compassionate way?

And so THE PEACE PROJECT was born: a bold new program that provides peace education to the public for free! THE PEACE PROJECT will reach out to communities around the globe and work through schools, large corporations, small businesses, faith-based organizations, etc. to provide a variety of collaborative events.

The basic design of THE PEACE PROJECT involves systematic education with participation by people from all faith traditions, spiritual practices, as well as those whose belief systems may be based on humanism and secular ethics or nature philosophy. Citizens of any Peace Project community will receive specialized training (at no charge) from THE PEACE PROJECT staff in tools to enhance peaceful living such as HeartMath, EFT, Nonviolent Communication, Breathwork and Meditation.

Dallas, Texas is our test case city. Education programs started in June of 2008. THE PEACE

PROJECT in Dallas involves formatting Peace Education Skills that can easily be passed from one person to another or one city to another.

To test the efficacy of THE PEACE PROJECT the citizens of Dallas will participate in a study to reduce crime and enhance peace in the metroplex using their new skills combined with the power of intentional consciousness, meditation, and/or prayer. Working with The Gandhi King Chavez Season for Peace and Nonviolence, THE PEACE PROJECT FOUNDATION is inviting Dallas civic leaders and surrounding municipalities to create sacred service partnerships for peace.

The collective intention study will be activated by participants through the lens of their particular sacred and ethical practice during a prescribed period of time over the course of **64 days** for the Gandhi King Season for Nonviolence from **Jan 30 - April 4, 2009.**

Take leadership in our social rebirth! Join THE PEACE PROJECT!

# Earth Rhythms Welcomes You to Winter SolstiCelebration!

Earth Rhythms presents experiential events, preserves natural places and provides assistance to those in need in the North Central Texas region, including the Dallas-Fort Worth Metroplex.

Earth Rhythms, is the nonprofit, tax-exempt, group that presents Winter SolstiCelebration at Cathedral of Hop each December. We've also presented Moonlady Fests at the Bath House Cultural Center every spring and fall for the past two years. Starting in 2009, the Fests will be combined into one Summer SolstiCelebration. In our first 16 months, we also launched a concert and lecture series with a musical kirtan by Deva Premal and Miten. In the process we're creating some top-notch event producers, including Rodney Steman, Elizabeth Harbin, Mary Ellen Terlikowski and Suzy Moore. A 2009 or 2010 lecture is in the works. Deva Premal and Miten will return in 2010 with workshops as well as a concert.

We invite you to join us at Earth Rhythms as a Friend, Supporter, Builder or Founder. YOU MAKE IT HAPPEN! Just fill in the form below and bring it to our tables in the lobby with your donation. Or do it at home and mail it in. Whatever your skill or talent is, we have a place for you as a volunteer, advisory board, or board of directors member.

We are grateful for your attendance tonight and hope to see you again at Summer SolstiCelebration.

## Our Projects

### Winter SolstiCelebration

Our flagship project is Winter SolstiCelebration, a multicultural interfaith exploration of the regenerative grace of darkness and the redemptive power of light. The event is a powerful montage of song, ceremony, music, ritual, poetry, spoken word and dance. It is followed by a Yule Fest with a snack feast, roving characters, photos with Father Winter, peace activities, and a dance band. The night includes a large silent auction bazaar as a primary fundraiser for Earth Rhythms. Over 15 years old and attended by over 1000, it is the second largest Winter Solstice celebration in the nation.

### Earth Rhythms Presents

Though one of the largest cities in the nation, Dallas receives few visits from national alternative spiritual musicians and presenters. They'll frequently perform in smaller cities on the coasts and other areas seen as 'hip,' while bypassing the North Texas area.

We decline to be seen as flyover territory anymore. In the early 1980s a nonprofit group called TITAS began bringing in non-mainstream music and dance into Dallas. Because of TITAS, groups like the Kodo Drummers, now sell out multiple-night engagements, broadening the cultural mindset of North Texas.

Earth Rhythms Presents plans to do for alternative spirituality what TITAS did for music and dance. Potential musicians include chantress Deva Premal and Native American flutist R. Carlos Nakai. On the list of potential presenters are Buddhist monk Thich Nhat Han, pagan activist Starhawk and eco-Christian Matthew Fox.

### Summer SolstiCelebration

The alternative festival happens in June at the historic art deco Bath House Cultural Center on the shore of White Rock Lake. Inside the theatre is a variety of music and performance shows. The lobby percolates with the vegetarian Crosby Café and a henna tattoo artist. A movement meditation class convenes in the art gallery. The New Thought/Ancient Wisdom fair takes place outside on the front porch and spacious back patio overlooking the lake. A drum jam occurs outside in the intimate stone amphitheater and a seasonal ceremony is held beneath the huge live oak trees.

### Open Space Protection

Respecting the Earth is a part of all Earth Rhythms activities. Most people access the natural world through public parks, yet these places are often not conducive to contemplation that deepens our relationship with nature. Earth Rhythms seeks to acquire and manage rural and urban land parcels to provide places of natural retreat for wisdom and healing.

### Naomi West Community Fund

The fund was named after an Earth Rhythms volunteer whose life was shortened by her inability to afford adequate medical care. As funds become available, assistance will be extended for community members to visit a physician or get a diagnostic tests they are not able to afford, and for health emergencies.
